

# ALEJANDRO SERNA

## WEB FULLSTACK DEVELOPER

### PROFILE

Since I got to know the programming world I realized that if you want to do something you just need the desire to learn, to see good results you have to be dedicated and thorough with the code; I like team work, teach and learn from others, open to learning. A respectful, kind, collaborative, optimistic, responsible person who likes to learn and do new things; I play ultimate frisbee, I use the bicycle for transportation.
